APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the Proof of Completion of Work is filed.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.
 (CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, but not to exceed 235.9 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before October 2, 1993

Proof of completion of work shall be filed on or before November 2, 1993

Application of water to beneficial use shall be made on or before October 2, 1996

Proof of the application of water to beneficial use shall be filed on or before November 2, 1996

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed IN TESTIMONY WHEREOF, I R. MICHAEL TURNIPSEED, P.E.
 State Engineer of Nevada, have hereunto set my hand and the seal of my

Proof of beneficial use filed office, this 2nd day of October

 State Engineer

(0)-5314 (Rev.)

CANCELLED FEB 01 2008 BECAUSE OF
 FAILURE OF APPLICANT TO COMPLY WITH THE
 PROVISIONS OF PERMIT
 STATE ENGINEER
 Can. Rescinded 9-10-2008

(PERMIT TERMS CONTINUED)

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from the well and the amount of water used.

The existing well at the approximate site of this point of diversion cannot be used as the well for this permit unless this well can be reconditioned to such a state as to comply with Chapter 534 of the Nevada Administrative Code.
